

## **ONLINE THREATS**

Dear Parents/Guardians

It has come to the notice of school authorities through various mediums of media that these days, many kids are indulging in playing dangerous online games. School wishes to caution all the parents and guardians to be very vigilant about their wards online and phone related activities. We, as a responsible school, will make sure to counsel the students about the harms of the online threats. We request you to ensure that the use of internet or phone by your kids is under your complete supervision.
