CIRCULAR FOR CHANGE IN SCHOOL'S NOMENCLATURE

Dear Parents,

We are thrilled to welcome you and your children to the beginning of a new academic session at Delhi Public School, Ferozpur! As we embark on this journey, we are filled with excitement and renewed energy to make this academic year a memorable and enriching experience for our students.

The start of a new session brings with it a sense of anticipation and opportunity. This academic session, we are introducing several initiatives and enhancements to enrich the learning experience for our students where each child can thrive and reach their full potential.

You are requested to note the change in the nomenclature of our school week's activities effective 'May' 01, 2024-25.

Grade PG to Prep	<ul style="list-style-type: none">• Class Assembly (Twice a week)• Integrated Activities (Throughout the week)• Saturday Off
Grade I to V	<ul style="list-style-type: none">• Monday Test• Zero Period (Thrice a week)• Class Assembly (Twice a week)• Wednesday Activities• Thursday SUPW• Saturday Sports (1st & 3rd Saturday)
Grade VI to X	<ul style="list-style-type: none">• Monday Test• Zero Period (Thrice a week)• Class Assembly (Once a week)• Wednesday SUPW• Thursday Activities• Saturday Sports (1st & 3rd Saturday)
Grade XI & XII	<ul style="list-style-type: none">• Monday Test• Class Assembly (Once a week)

To cater to these enhancements, the school timings will be changed to 8:00 a.m. to 2:15 p.m. from May 01, 2024. We aim to optimize our students' engagement and participation in extracurricular activities while ensuring a balanced schedule throughout the week.

Motive behind the enhancements:

➤ **MONDAY TEST:**

Monday test provides regular opportunities for students to assess their understanding of the material covered in class, identify areas of strength and weakness, and reinforce learning through consistent practice.

➤ **CLASS ASSEMBLIES:**

Class assemblies are one of the best platforms to inculcate various skills, including public speaking, creativity, leadership, and appreciation for diversity among students.

➤ **SUPW:**

Saturday Clubs previously held on Saturdays will now take place on Wednesdays/Thursdays as part of the SUPW (Socially Useful Productive Work).

This change aims to optimize our students' engagement and participation in extracurricular activities while ensuring a balanced schedule throughout the week. Shifting clubs to weekdays will ensure 100% execution, as Saturdays often saw disruptions due to various reasons.

➤ **ZERO PERIOD:**

Zero period will be utilized for preparing Sports & Performing Arts school teams for various competitions/in-house events, and assisting students in preparing for competitive exams such as SOF, VVM, etc.

The initial selection of team will be based on previous performance of students in various areas eventually resulting in training them. In addition, we believe that students coming from far-off distances will have a better opportunity to participate, as these will be part of regular school hours.

➤ **WEDNESDAY/THURSDAY ACTIVITIES:**

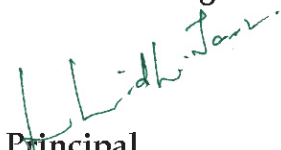

A block period for both scholastic and co-scholastic activities will contribute to the comprehensive development of students. Combination of these activities will create a balanced and enriching learning environment that prepares students for success in academics, career, and life.

➤ **SATURDAY SPORTS:**

Saturday sports in addition to the regular H&PE slots will offer children a diverse range of games tailored to their preferences, enabling them to refine their skills and potentially earn selection onto school teams based on their performance.

We kindly request your cooperation and support in familiarizing your child with this new schedule adjustment. If you have any questions or concerns regarding this change, please feel free to contact us.

Thanks & Regards

**Principal
