

## GRADE VIII TO X - CLASS TRIP CONSENT AND ITINERARY BRIEF

Dear Parents/Guardians,

We are delighted to announce that our school is organizing optional Educational Trips for students of Grade VIII to X. This year, students will have the opportunity to choose one of the two exciting options being offered. Participation is **optional**, and students are requested to carefully read the itineraries of both trips and **select only one** based on their interest and preference.

### **1. Chennai-Sriharikota-Pondicherry (Open to students of Grades VI to X)**

This enriching educational tour combines science, culture, and history. A visit to ISRO – Sriharikota will offer students firsthand insight into India's remarkable space research and satellite launch capabilities. The itinerary also includes exploration of the cultural vibrance of Chennai and the colonial charm of Pondicherry, making it both informative and memorable.

### **2. Delhi (Open to students of Grade VIII to X)**

The objective of the trip is to provide students with experiential learning beyond the classroom through cultural immersion, scientific exploration, and outdoor adventure. It aims to develop life skills, foster curiosity, and nurture team spirit through a balanced mix of fun, heritage, and hands-on activities.
